## 14 Convert Celsius into fahrenheit

```
#include <stdio.h>

int main() {

    int celsius, fahrenheit;

    printf("120");

    scanf("%d", &celsius);

    fahrenheit = (celsius * 9.0 / 5.0) + 32 ;

    printf("fahrenheit = %d\n",fahrenheit);

    return 0;

}
```
