

23-August 2025

3 Multiply two numbers

```
#include <stdio.h>

int main() {

    int a, b, multiply;

    printf("5,6");

    scanf("%d * %d", &a, &b);

    multiply = a * b;

    printf("multiply = %d\n", multiply);

    return 0;

}
```

The screenshot shows a terminal window titled "Output" with a "Clear" button in the top right corner. The output text is as follows:

```
5,65*6=
multiply = 30

=== Code Execution Successful ===
