# 6 Convert hours into minutes

```c
#include <stdio.h>

 int main() {

int hours, minutes;

printf("10");

scanf("%d", &hours);

minutes = hours * 60;

printf("minutes = %d\n", minutes);

 return 0;

 }
```

```
Output                                    Clear
1010*60=
minutes = 600
